

## 1K Aerosol

### Technical Data Sheet (TDS)

#### Product Description

**Endura 1K Aerosol** contains Endura one component coatings packaged in easy to use aerosol.

#### Product features:

- Professional spray gun quality results
- Easy to Use
- No mess or measuring
- No equipment needed

#### Recommended Uses

The 1K Aerosol is a high performance coating excellent for repairs or smaller painting projects.

Please read the Technical Data Sheet for specific product being sprayed for additional important suitability and surface preparation information.

#### Product Characteristics

The product characteristics and dry times between products can be obtained on the specific product Technical Data Sheets.

#### 1K Aerosol Characteristics:

**Shelf Life:** 3 years for unused aerosol.

#### Endura 1K Aerosol products

1K Aerosols are currently available in the following products:

- Blending Solvent
- Blender
- P-Link

#### Mixing 1K Aerosol Spray Can

Shake can vigorously for 2 minutes minimum (after mixing ball rattles) before using.

#### 1K Aerosol Application Method

Once the product is properly shaken, perform a test spray to check nozzle flow, substrate compatibility and color correctness. The spray fan can be adjusted for vertical or horizontal spray by turning the yellow nozzle orifice. Spraying distance is 8-10 inches from the surface being painted.

To prevent the nozzle from clogging, turn can upside down and spray nozzle until only propellant is being sprayed (approx. 2 seconds) between uses.

#### Clean Up

The emptied aerosols are suitable for household collection.

#### Environmental Conditions

For optimum coating performance product, substrate and ambient temperature should be between 68°F-77°F (20°C-25°C). To prevent condensation during application the surface temperature must be 5°F (3°C) or more above the dew point at all times.

For use outside this range please contact your Endura Representative.

#### Safety Precautions

Please refer to all Safety Data Sheets (SDS) before using this product. SDS sheets can be found on our website at [www.endurapaint.com](http://www.endurapaint.com).
