

**Technical Bulletin #32****Nov 23, 2006****Color Change to HS-421 Primer**

In response to customer requests Endura has adjusted the HS-421 Primer color. The primer color will now be Grey not Buff-Yellow. The primer color will decrease difficulty in achieving full coverage with Sealers and Topcoats, as well as; decrease the occurrence of noticeable rock chips. The improved HS-421 Primer has undergone no change to properties or performance ----- it has only had a color adjustment.
