

Technical Bulletin #39

June 01, 2010

Metallic Tier Change

Endura Manufacturing will be increasing all of our metallic and pearl colours by 1 Tier effective June 1/2010.

The increase reflects the additional cost to make and check these colours; as over the past year many metallic colours have needed to be rematched.

On our page 4 Price list: Tint Base #38N will be adjusted accordingly:

Qrt: \$ 80 Gal: \$ 270 5 Gal: \$ 1265

Any question can be directed to the Endura Colour Lab at (780) 451-4242
