Color Variations in SuperCat II

Due to a change in one of our raw materials, future batches of SuperCat II [ITB0800] will have a lighter color appearance than previous batches.

The color difference of the SuperCat II will not affect the EX-2C paint color.

The color change has no effect on the strength or usability of the SuperCat II.

For any questions please call your Endura representative at 1-800-661-9930.
